This proposed medical office building does comply with the goals contained in the Allen County Overall Economic Development Program. Specifically, it serves as business development within a Community Development Block Grant target neighborhood. In addition, it is in the immediate vicinity of the Broadway Commercial Revitalization Project. The project will create 80 new jobs at a cost per job of \$21,875. Job generation in target neighborhoods is a high priority in the City neighborhood plans.

The provision of a medical office facility at this location supports the Fort Wayne Comprehensive Plan's policy of encouraging inner core reinvestment and revitalization. The physical stock will receive direct investment and more services will be available in the central city.

The zoning in the project area is presently B3B, General Business, which does allow for the intended medical office
